GRAY SUING ELECTRIC CO.

ALLEGES HIS DAMAGES AMOUNT TO $25,000

HURT ABOUT YEAR AGO

Was Not Regular Employe of Company at Time, Officials of the Concern Say Today

Alleging that he has been permanently crippled as the result of an electric current burning his body at the electric light sub-station at Ravenwood, September 17, 1924, W. I. Gray of that place has made the Maryville Electric Light & Power Co., defendant in a $25,000 suit that was filed in circuit court late yesterday afternoon.

Gray, in his petition, states for his cause of action, he was employed by the local light and power company, and that while in the rendition of his services at the inclosure of the tower at Ravenwood and he was free from negligence on his part, a dangerous and deadly charge of electricity escaped, flashed eighteen inches and struck the plaintiff. It is his contention that a defective condition of the equipment in the tower and lines, known to the defendant, was the cause of the electricity jumping.

Arm Was Amputated

The direct result of the accident is that Gray sustained personal injuries, according to his petition, to the extent that the flesh, muscles, skin and tissue of his body were burned and destroyed in numerous places, the bones of his head and skull broken, crushed and burned, so that pieces of it had to be removed by surgeons; his right arm burned and destroyed so that it was necessary to have it amputated near the elbow; the muscles and flesh and legament of his feet burned and sloughed away, causing him difficulty in walking.

He further states that he was confined for weeks in a hospital here and at Rochester, undergoing several surgical operations and that he has been made a hopeless cripple and will never be able to perform and work or earn money. He states that he is liable for $300 hospital expenses and surgical bill and that because of the negligence on the part of the Maryville Electric Light and Power Co. he has been damaged to the sum of $25,000 for which he is suing.

Accident at Ravenwood

The following was in the Democrat-Forum of September 17, 1924:

"W. I. Gray sustained burns on his hands, top of his head and feet, while at the electric light sub-station at Ravenwood about 1 o'clock this afternoon. He was with some men from Maryville and they were inspecting the sub-station and while pointing at some wires where the current had been jumping the current jumped out at him, causing the injuries. He was brought to the St. Francis Hospital here immediately."

Mr. Gray is an elderly man, having charge prior to his unfortunate injuries, the telephone exchange at Ravenwood. It was told today by the Electric Light Co. that Mr. Gray was not a regular employe of the company and not on the payroll at time of the accident, but was called upon at various times to perform duties for the concern at Ravenwood and that it could rely upon him. As Mr. Gray stated in his petition to the court his duties consisted of handling light supplies for use of customers, replace light bulbs in Ravenwood in street lighting system, read meters, operate switch at the tower and transformers and to report to the Light Co. any trouble in defendant's business at that place. He further contends that he rendered services as a common laborer and did not possess skilled or scientific knowledge as to the control and restraint of electric current, which was known to the defendant.

Current Hit Him

On September 17, 1924, the Light Co. had a force of men at work at Ravenwood and Mr. Gray had reported to the company that an arrester had formed an arch over the telephone lines and caused a noise in the telephone system. From information today from the Light Co. the linemen on that afternoon went into the tower at Ravenwood to make an adjustment and Mr. Gray went with them, not as an employe or upon orders from the company. It is said he stooped over and pointed to a break in a wire and got too close, resulting in a high current jumping at him.

The Light Co. says it paid his hospital and surgical expenses while Mr. Gray was here in Maryville. Later Mr. Gray went to Rochester, and upon returning the Company tried to make a settlement but no agreement could be reached. All the employes of the Electric Light Co. are covered by blanket insurance and officials of the local Light Co. said today Mr. Gray could not come to an agreement for a settlement with the insurance company.

Loch Boy Dies at Ravenwood Home

Frank T., eighteen-months-old son of Mr. and Mrs. Claude Loch of Ravenwood, died about 4:20 o'clock this morning at the Loch home. The baby had been seriously ill of stomach trouble since Saturday. Funeral services will be held at 2 o'clock tomorrow afternoon at the home and burial will be in Oak Lawn cemetery. Besides the parents, one brother, Bobby, survives.

SEN. WILLIAMS WILL BE HERE

ACCOMPANIED BY SECRETARY VISIT MARYVILLE AUG. 22.

CONFERENCE PLANNED

Prominent Republicans From This District To Be Here—Clements and Faust To Attend.

Senator George H. Williams of St. Louis, who was recently appointed as successor to the late Senator Selden P. Spencer, will be in Maryville on Saturday, August 22, to attend a conference of the Republican leaders of the Fourth congressional district. Senator Williams will be accompanied here by his secretary, E. N. Meador.

A number of prominent Republicans from this district will be in attendance at the meeting and each county in the district will be represented. Dr. E. B. Clements of Macon, republican national committeeman, will be here to attend the conference. W. F. Phares, of this city, chairman of the Republican state committee, is making the arrangements for the conference here.

Charles L. Faust, representative in congress from this district, will be present as well as a number of the leaders in St. Joseph.

The purpose of the conference will be to discuss organization plans preparatory to the campaign next year. It is the purpose of Mr. Phares and Dr. Clements to hold these conferences in all congressional districts of the state within the next six weeks.

This will be Senator Williams' first visit to Maryville. He is favorably known here and is a member of the Republican state committee of which Mr. Phares is chairman. Senator Williams was a member of the constitutional convention with J. F. Hull, M. E. Ford and Ernest Wray of this city.

Senator Williams is a candidate for the Republican nomination for United States Senator next year.

Ellison Attends Democratic Meet

Sen. James A. Reed At Kirksville Yesterday Urges Democrats To Defeat World Court.

George Robb Ellison returned this morning from Kirksville where he attended a meeting of the Democrats of the First Congressional district held in that city yesterday. Mr. Ellison is a member of the executive committee of the Democratic State Committee.

Senator James A. Reed and many other party leaders were in attendance at the Kirksville meeting. Senator Reed in his address at Kirksville last evening urged the Democratic party to turn its back on the League of Nations and make a united fight against the world court proposal of the Coolidge administration.

"In my judgment," Senator Reed said, "if the Democratic party would stand united against this monstrous, this unthinkable proposition it would at once establish itself as the champion of American interests, and as the protector of the constitutional liberties of the people."

Senator Reed declared the Coolidge position was absurd. He said the President had turned down the league, but would accept the court, a creation of the league.

WABASH TO PAVE SOON

FOUR OFFICIALS HERE TODAY PLANNING IMPROVEMENTS

TO USE MACADAM

Paving To Extend From Fourth Up Past Freight Depot—Modern Equipment Ordered.

W. W. Greenland of Moberly, superintendent of the Western Division of the Wabash Railroad, together with three railroad offficials were in Maryville this morning inspecting the work which is being done at the Wabash freight house at its new location.

W. N. Huntsman, division engineer of Moberly, F. E. Harriman, bridge inspector of Moberly, and J. C. Ferritor, trainmaster at Stanberry and a brother of Ed Ferritor, local freight agent for the Wabash Railroad; were the men that accompanied Mr. Greenland on the tour.

The Wabash, according to Mr. Greenland, intends to equip the freight yards in every modern way. Work has already started on paving a road for commercial purposes that extends due north of Dunn street from Normal Avenue to Seventh street. Several carloads of gravel arrived this morning and a clam shovel with a crew of about fifteen men are busy unloading the gravel.

This paving, when complete, will be of macadam construction. It will run parallel between the two-side switches of the freight yards. The Cook & Vogt storage plant, which is at the corner of Dunn and Normal Avenue will be re-located. With the completion of this paved road and with the re-location of the many storage sheds along the side tracks which run parallel with the paving, the unloading of coal and other commercial products will be greatly expedited, according to Mr. Greenland, due to the paving and to the added room.

All of the coal and sand sheds that were formerly located on the Wabash right-of-way, which extends South of Fourth street, have been given new locations and are being moved now.

A complete drainage system will be installed in the freight yards. This will be a great improvement as heretofore many wagons have been mired while loading and the road way was always muddy.

Following the completion of this paving project the Wabash will pave a route from Fourth street to the south end of the freight depot. This will make passible the loading and unloading of merchandise on the platform in rainy weather. A grade is already being established for this work. This road will also be macadamized. The road will extend to a point 70 feet north of Fifth street.

The right-of-way south of Fourth street is being abandoned by the railroad people in accordance with an agreement with the city, will be leveled off and grass planted on it. Mr. Greenland said that the railroad will consider selling this tract in lots for building purposes in the future.

The moving of the freight depot from the south to its present location has been completed although the platform will be re-constructed.

A crew of about thirty-five men are now being employed by the Wabash railroad in the work. The work is expected to be finished this fall.

Harvey Ivie to Be Buried Near Arkoe

Former Resident of Nodaway County Dies At Home of Daughter At Stewartsville, Tuesday.

Funeral services for Harry Ivie, who died Tuesday at the home of his daughter, Mrs. Arch McCord, in Stewartsville, Mo., will be held at 1 o'clock tomorrow afternoon at the Swinford Church, east of Arkoe. Mr. Ivie, who was about 76 years old, had been failing in health for several months. He formerly resided on a farm, south of Bedison.

Besides the daughter at whose home he died, he leaves two sons, Tom and Bert Ivie, also of Stewartsville. Mr. Ivie was a brother-in-law of Mrs. Louie Anderson and Mrs. H. J. Lind of Maryville, Mrs. Nels Barsballe of Conception Junction and R. P. Anderson of Guilford. Mrs. Ivie died several years ago.

Marriage License.

A marriage licensce was issued today to Charley Miller and Eva E. Bebout, both of Hopkins.

F. C. Donnell May Run For Senator

Today's Kansas City Times Says Partner of Late Senator Spencer May Enter Race.

Forrest C. Donnell of St. Louis, a former Maryville boy and a graduate of the Maryville high school, may run for the Republican nomination for the United States Senate. Today's Kansas City Times had the following:

Forrest C. Donnell of St. Louis, law partner of the late Senator Selden P. Spencer, may oppose Senator George H. Williams for the Republican nomination for United States senator next year.

Mr. Donnell was here yesterday conferring with party leaders and friends.

"I have not made up my mind definitely on this matter," he said.

If Mr. Donnell should decide to enter the primary contest next year he undoubtedly would look for considerable support from Senator Spencer's numerous federal appointees scattered throughout the state. The party organization aligned with Governor Baker is expected to be behind Senator Williams, who announced his candidacy for the nomination recently in Kansas City. Mr. Donnell is the only Republican opponent now in sight for Senator Williams.

Mr. Donnell is 41 years old. He was a leader in his classes at the University of Missouri, and is an able speaker.

MORE WALNUT ST. PAVING

PETITION FILED WITH CITY CLERK YESTERDAY.

THOMPSON TO HALSEY

Eight Property Owners Request Improvement of These Three Blocks With Re-Inforced Concrete.

The entire length of Walnut street will eventually be paved.

This seems evident by the continued efforts of resident property owners to have this street improved with pavement. The fifth petition requesting the city council to declare paving necessary on Walnut street was filed with the city clerk, Mrs. Merle Cooper Smith late yesterday afternoon. Two of the petitions have been killed, but earlier in the year.

The petition filed yesterday for action of the city council requests the paving of three blocks on Walnut street with seven inch re-inforced concrete, the portion of Walnut street mentioned is between Thompson street and Halsey street. Eight resident property owners signed the last petition for paving from Thompson to Halsey and there are six others who are in favor of the improvement but who did not annex their names to the petition. Those who have requested this last improvement on Walnut street are W. C. Antrim, Mrs. W. C. Antrim, Austin W. Spoor, Joseph Jackson, H. M. Hughes and wife, C. A. McCoppin, Carrie B. McCoppin and J. A. Briggs.

These eight property owners with the other six who favor the proposition constitute a big majority of the property owners and they also have a majority of the front footage, including 999 front feet.

The petition is accompanied by an estimate of the city engineer, and states that the property owners will not sign a remonstrance if they are assured the contract for this work will not exceed the figures of the city engineer. In the past the contracts that have been let for paving of the same nature have been for less than the estimate of the engineer.

The prices quoted by him are concrete, $2.65; excavation, 75 cents; rolling and finishing 25 cents; and integral curb, 60 cents; or a total cost per front foot based on paving from Lincoln to Ninth streets of $4.88.

The grade has been established by the city council for the entire length of Walnut street and it is presumed that the council will take preliminary action of introducing a resolution at its next meeting, Friday, for paving on Walnut between Thompson and Halsey streets.

Richeson To Plattsburg.

S. C. Richeson of Maryville, accompanied by his family, will leave tomorrow for Plattsburg where they will make their home. Mr. Richeson, for the past two years has been state high school inspector for Northwest Missouri but resigned this summer to become superintendent of schools at Plattsburg.

MILLION IN RUM TAKEN

NEW ORLEANS LEAD RAID FOR MISSISSIPPI VALLEY.

SEEK FOR HIGHER-UPS

Prohibition Net Closing In On Gigantic Ring From Chicago To New Orleans.

New Orleans, Aug. 12.—Liquor rings in Chicago, St. Louis, Kansas City and other large cities of the Mississipp Valley may be exposed and their leaders brought to trial before federal prohibition officers are done with the program which began with a series of wholesale raids here yesterday.

It is estimated today that the raid netted one million dollars worth of liquor. This will lead to the exposure of some of the 50,000 bootleggers and grafters, many of whom are working under cover as "crooked officials" and will undoubtedly lead to the doors of high men in the organization of rum smugglers and bootleggers as well as their financial backers. An exposure of the inner circles of bootleggers in New Orleans is speedily expected.

The activities of the 350 agents yesterday uncovered a gigantic liquor syndicate involving prominent men in Kansas City, St. Louis and Chicago. These raids, according to Chief E. C. Yellowley of Washington, are only the beginning of a gigantic offensive against the ring which is smuggling contraband liquor into many Middle Western cities.

"Most of the men arrested here," said Yellowley "are merely agents, but we have the goods on the higher-ups and they will be arrested and charged with conspiracy cases."

Belgium and U. S. to Again Try Settlement

Following Rejection of First Proposal Commissioners Meet Today—Have Hope For Agreement.

Washington, Aug. 12—Following the American refusal to accept the first proposal of Belgium to settle her war debt of 481 million dollars at yesterday's conference Belgian negotiafors met with the American commissioners today at the treasury building to resume discussions on Belgium's capacity to pay.

Neither the American nor the Belgian commisisons would reveal the detailed initial proposal of Belgium but it is understood that it involved differences between the war and post-war debts. Belgium considers that the money advanced while hostilities were in progress went for a "common cause" to defeat Germany.

It is expected today that the negotiations will proceed rapidly and that a successful conclusion will be reached within ten days.

Some of the officials said it is not surprising that the commissions were unable to agree on the first proposition put forward; that usually this becomes merely the working basis from which the negotiations proceed. In compliance with an understanding reached at the beginning, members of both commissions declined to discuss the terms which the Belgiums had proposed, nor would they confirm reports that a moratorium had been included in the proposal.

It is the opinion of American officials that the success of the present negotitions will have an effect in the forthcoming conversations between the American and French and Italian delegations regarding the refunding of the debts of those countries.

Steals Hog; Is Now Trying to Raise Bond

Arthur Calfee, Living Six Miles Southwest of Here, Is Held in Jail on Larceny Charge.

Arthur Calfee, age 24 years, of six miles southwest of Maryville, but formerly living near Elmo, is trying to furnish a bond of $500 on a charge of petit larceny that has been filed against him. He is now confined in the county jail.

Calfee was arrested day before yesterday by county officers. It is alleged that he sold a stolen hog to William Jones of Burlington Junction for $17. The hog was returned to its owner, Dollis Owens, who lives southwest of Maryville near the White Cloud Baptist Church. The hog was stolen July 29.

Plan Hog Sanitation Demonstrations Here

J. W. Burch of Columbia, Live Stock Specialist of Extension Service, Is Here for This Purpose.

If the road conditions permit a demonstration is planned for this afternoon at the farm of of L. A. Stelter by the county agent, J. Ross Fleetwood, and J. W. Burch of Columbia, live stock specialist with the College of Agriculture Extension Service.

This demonstration was planned here for the purpose of showing the results that had been obtained from the hog sanitation project that was commenced by Mr. Stelter in co-operation with the extension service. A hog demonstration will be conducted tomorrow at the farm of Lester Acklin by Mr. Burch. Mr. Burch arrived here today for the demonstrations.

3 WOUNDED IN MINE RIOT

ONE MINER DYING AND 20 INJURED BY COAL STRIKERS.

SITUATION IS QUIET

Striking Miners Attack Union Leaders Who Urge Illinois Men To Return To Work.

Zeigler, Ill., Aug. 12.—Three labor officials lie wounded in the hospital of a neighboring town today, one miner is reported to be dying and twenty men are injured as the result of a night of rioting here which came as the culmination of a three-weeks "wildcat" coal mine strike.

The wounded are: Lon Fox, president of the sub-district No. 9 United Mine Workers of America, E. C. Cobz, vice-president of the district, and Hezzie Hindman, president of the Western Trades and Labor Assembly. Mike Sarzich, miner is dying, shot through the abdomen. The twenty men that were injured were given medical treatment and released. Fox and Cobz were beaten and stabbed. Hindman was shot. Three miners were arrested today and the authorities report they have the situation "well in hand" and that no outside aid is necessary.

The three miners arrested are charged with carrying concealed weapons and inciting a riot. According to Ziegler authorities, the riot ensued after labor officials arrived to attend a meeting called by the striking miners and urged the men to return to work.

Garrett School to Move to the College

Rural Demonstration School To Come To Town—Myrtle Tree To Become College Observation Center.

Arrangements have been made by the College to include the Garrett rural school, southwest of Maryville, with the College demonstration school in town and to transport the pupils each day in the College bus. For the past four years the Garrett school has been used by the College as a rural demonstration school. The change has been made this year to provide better facilities at the College and to avoid the necessity of a building. There will be about thirty-five children in all grades, in College demonstration school the coming year.

Arrangements have also been made whereby the College and the Myrtle Tree school board, acting jointly, will supply the teacher for this school, 7 miles northeast of Maryville and to use the school for experimental and practice teaching. Miss Grace Petty, a graduate of the University of Missouri, has been employed as teacher. Miss Petty is a former student here and has taught in Rock Port and Shelbina as teacher-training instructor.

Returns From Rochester.

Mrs. Thomas O'Day returned last Saturday from Rochester, Minn., where she accompanied Mr. O'Day about two weeks ago. Mr. O'Day will continue his course of treatments at the Mayo clinic about a week or ten days longer.

YOUTH KILLS KIND STRANGER

MURDERS TOURIST WHO GIVES HIM A "LIFT."

BODY NEAR SEDALIA

Everett Adams of Wilmington, O. Arrested In Kansas For Murder of N. Y. Professor.

Lodi, N. Y. Aug. 12.—Word was received here today of the murder of Professor Adam Clawson of this city, former high school teacher here. Clawson left here three weeks ago for Kansas City, Mo., where he had accepted a position in the schools. Clinton Covert of this city received a card from the murdered man sent from St. Louis July 31 on which he had written that he was enjoying his trip.

A photograph will be sent to western authorities for identification.

Sedalia, Aug. 12.—Plans were being carried forward rapidly today to have Everett Adams, 19, of Wilmington, O., brought back here from Garden City, Kan., for the inquest tomorrow over the body of Professor Adam Clawson of Lodi, N. Y.

Young Adams, late yesterday, according to Sheriff Oll Brown of Garden City, confessed that he killed Professor Clawson when the latter gave him a lift as he was hiking across the country.

Searching most of the night on the Saint's Highway near here for the body of the professor which the boy said he had thrown into a ditch between Jefferson City and Sedalia, was in vain for the sheriff's party but it remained for a young farmer, George Myers, unattached to the searching party, to stumble over the crops this morning. The body was found with weeds growing over it in a ditch along an unfrequented road half a mile from the Saint's Highway, three miles southeast of Lamonte near here. The evidence showed a careful attempt to conceal the body. Professor Clawson's coat and cap were found nearby. Letters from an insurance company in Philadelphia, travelers' checks for $110 and lodge papers made the identification complete. The body will be brought to Sedalia, Sheriff George Rector, said today and the inquest will be held at 1 o'clock tomorrow.

Garden City, Kan., Aug. 12.—Sheriff Oll Brown admitted today that the boy who alleged to have confessed to the murder of Prfessor Adam Clawson of Lodi, N. Y., and who had given his name as Frederick Gordon, 17, is in fact Everett Adams of Wilmington, O.

Sheriff Brown received word this afternoon from Henry Adams, the boy's father that he is on the way to Garden City. Brown expects to turn the prisoner over to Sheriff Rector of Sedalia.

The killing occurred August 1 and two days later the youth, for whom the name Fred Jordan is given by Sheriff Oll Brown, was arrested here in possession of a blood stained automobile and a suitcase of clothing too large for him.

Stories Differ.

The exact scene of the shooting is hazy in the young man's mind, according to officials. He described the shooting as having taken place on Missouri highway No. 12, near a steep, gravelled hill, and not far from a sign marked "Detour to California.' At another time, he said he thought it was near Lamonte, Mo., that the killing occurred.

The youth, who said he was running away from home, told the officers he was a football star and basketball captain in his home town. He denied knowledge of the car except that he had bought it at Terre Haute, Ind.

Late today, however Adams broke down and signed a confession before County Attorney Ray B. Callihan and Sheriff Oll Brown.

On Way to Colorado.

Clawson, driving from his home to visit friends in Colorado Springs, Colo., overtook the youth along the highway near Jefferson City, and offered him a "lift."

After riding for about an hour, Adams' confession said, he shot Clawson after a struggle, and with the body beside him, turned on a grassy side road. About two miles south of the main highway, between Jefferson City and California, Mo., the confession continued, the body was placed in a ditch at the side of the road near a culvert. Adams then drove on.

First Picture Ever Taken of an Actual Lynching

Taking the law in its hands, a mob of nearly 500 men took Miller Mitchell, negro, from the jail at Excelsior Springs, Mo., and hanged him to a tree in a nearby field. Miller, accused of having attacked a white girl, told his executioners that if he had time he could prove his innocence. This photo, taken during the actual lynching, is said to be the first of such a scene in the United States.

HARMONY

In the absence of the superintendent, B. K. Lewis, R. V. McKee had charge of the Sunday School last Sunday morning. Lucile Lawson, Fay Woodson Null and Ogle McKee, members of our orchestra played during the musical numbers. At the conclusion of the morning service the communion was administered. Miss Lucile Lawson was leader of the C. E. in the evening service.

Owing to the rain last Thursday the quarterly meeting was postponed to Saturday evening. A good representation of the members of the official board was present and the regular business was transacted. The members of the board will be elected for the ensuing year at the next regular meeting following the Annual Conference.

The Ladies Aid Society held a called meeting last Wednesday afternoon at the church. The present oficers were re-elected for the coming year. Other matters were discussed and routine business disposed of. A short meeting of the ladies of the church was held after the services Sunday morning, at which the question of organizing a branch of the Home Missionary Society, was discussed. Final action was defered until a larger number could be present.

R. V. McKee and family attended the religious program in connection with the Barnard picnic, Sunday afternoon.

A car of limestone was unloaded by the farmers in Excelsior district the first of the week. Several pieces of alfalfa will be sown this fall if conditions remain favorable.

B. K. Lewis and family visited over Sunday in Skidmore, with Harry Mitchell and family. Mrs. Lewis and Mrs. Mitchell are sisters.

Mrs. Harbison had the misfortune to fall and severely strain the ligaments of the knee joint Sunday mrning. It is hoped the injuries may not prove serious.

Services were held at the Baptist church at Orrsburg last Saturday and Sunday.

Orville Underwood is nursing a pet in the shape of a boil on his arm. It is quite painful.

Mr. and Mrs. Perry Onstott were attendants at the morning church service last Sunday.

The piano recital by the pupils of Mrs. Estella Porter, given at the church last Friday evening was well given and well received. The muddy roads prevented many from being present. The interest in music is increasing in this neighborhood, as is proven by the work of our orchestra and this class, quite a number of which are beginners.

About two inches of water fell here last Thursday in a splendid rain that was a virtual crop saver. While some think the corn has been injured, this moisture coming as nicely as it did, will practically insure a good yield. Most fields are in splendid condition.

G. H. Null and family spent the first of the week on the scenic banks of Grand river in Gentry County, angling for members of the finny tribe. Will announce results in next week's items.

J. S. Casteel of Ravenwood accompanied them.

Mrs. Ford drove over to Stanberry Saturday to spend the week end there in a visit with friends.

Mrs. Kate Lewis of Grant City, who has been visiting the last week at the home of her son, W. I. Lewis, left Monday evening for Oklahoma City, where she will visit a sister and other friends until about Sept. 1.

L. E. Murray and R. V. McKee spent an entire day in working over the athletic field at the high school last Saturday. There are now two tennis courts and a regular size basket ball court. All facing north and south. The cross fence was also removed, thus considerably enlarging our play ground. Everybody pronounces it a fine improvement.

L. E. Moore and wife, Mr. and Mrs. Alva Hunt and Dari Porter and wife were trading with Maryville merchants Monday afternoon.

Lee Wynn and wife were visiting at John Green's last Sunday.

Registration for high school classes will take place Wednesday, Aug. 12. As school begins Aug. 31, there remains only a trifle over two weeks of vacation. Classes will be organized and text books ordered. Students are asked to come between the hours of 9 and 12 a. m.

The families of Edd and Dale Simmons are enjoying a vacation this week visiting friends in the East. They are traveling overland in Dale Simmons' car.

THE KEY TO SUCCESS

Success depends primarily on a healthy liver and stomach. You can not think straight if these organs are not working properly. Mayr's Wonderful Remedy is usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach, is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practiclaly all stomach, liver and intestinal ailments, including appendicitic. Crowson-Leonard Wedding.

Miss Mary Katherine Crowson, daughter of Dr. and Mrs. E. L. Crowson of Pickering, became the bride at 1:30 o'clock this afternoon of Albert H. Leonard of St. Louis. The Rev. R. E. Snodgrass of the Maryville Christian Church performed the ceremony at the Crowson home, in the presence of a limited number of guests. Mrs. George Crowson of Chicago, at the piano, played the wedding music. The bridesmaid was Miss Eva Davis of Savannah and Eugene Crowson of Chicago, brother of the bride, was best man. The bride wore a gown of white georgette over baronet satin and she carried a bouquet of bride roses and lilies of the valley. The bridesmaid was attired in white crepe with a handpainted floral design. She carried a bouquet of Ophelia roses. Following the ceremony a wedding luncheon was served. A color scheme of pink and white was carried out in the luncheon appointments and garden flowers in the same tints were used throughout the rooms. Mr. Leonard and his bride left this afternoon for a few weeks honeymoon trip to Yellowstone Park and other western points. A dinner for the bridal couple will be given tonight at the home of the Misses Eva and Sylvia Davis in Savannah. After October 1 Mr. and Mrs. Leonard will be at home in St. Louis where Mr. Leonard is connected with the Purina Mills Company.

The guests from out of town included Miss Rowena Witt, Miss Irene Gore, Mr. and Mrs. W. A. Maxwell and Miss Sallie Maxwell of St. Joseph; Miss Lillian Casebolt of Columbia, Misses Eva and Sylvia Davis of Savannah, Miss Esther Leonard of Deerfield, Mo., sister of the bridegroom; George Crowson of Chicago, brother of the bride, and Mrs. Crowson; Miss Florence Nesbitt of Chicago, an aunt of the bride; Eugene Crowson of Chicago, and Dr. E. P. Crowson of Sheridan, Mo., an uncle of the bride.

The bride received a B. S. degree in Education from the University of Missouri in 1923. She taught at Louisiana State University at Baton Rouge during the summer of 1924 and last year taught home economics at Vandalia, Ill.

Reception for Departing Members.

CORN ABOUT 85 PER CENT

IS ESTIMATE IN NODAWAY ON JULY WEATHER CONDITIONS.

WHEAT RUNNING AT 13

Nodaway County Corn Is Higher Than Average Throughout State—Decline During July.

Taking into account July weather conditions, the farmers of Nodaway County make their August estimate of corn 85 per cent of normal; threshing returns on wheat at 13 bushels per acre, and harvest condition of oats at 86 per cent. The mid-summer condition of potatoes is 62 per cent, tame hay 79 per cent, second crop of clover 73 per cent, pastures 70 per cent, apples 40 per cent and grapes 60 per cent.

Missouri corn at 82 per cent normal indicates 29.4 bushels per acre, totaling 202,566,000 bushels, according to E. A. Logan of the U. S. Bureau of Agricultural Economics and Jewell Mayes of the State Board of Agriculture. The condition on August 1, 1924, was 70 per cent, final yield 170,612,000 bushels.

Missouri corn prospects declined constantly during last half of July and first week of August, although dry weather conditions were relieved in many counties on the 6th and 7th. Early corn was badly damaged in several counties, and that on thin land was seriously hurt. Bottom lands suffered less. With rain at proper time, several counties in north Missouri will have large corn crop. Eastern counties from Pike to Washington have highest prospects. In several counties, from Bates south to Barton and east to Dallas and Miller, a portion of the crop is beyond recovery. Rains have been spotted, and some of crops is already past relief in Hickory and Camden.

Corn conditions throughout state are quite irregular, even within same county. Prospects in southwest counties are good, as crop was helped by rains in last week of July. Corn in Shannon and Wayne and south to Oregon and Stoddard counties has been seriously damaged, and Pemiscot has poor prospects also. General conditions in south central portion of state are illustrated by Mr. M. L. Rigby of Benton County who says that "We have been low in moisture since December, 1924. No rain of measureable quantities since June 1st in our vicinity. Pastures burning up and water almost gone and many hauling water for stock from streams and wells. The past month ran high in temperatures." The Missouri corn crop depends upon rainfall during August.

Winter wheat averaged 13.2 bushels per acre, or 30,518,000 bushels upon 2,312,000 acres harvested, against 24,589,000 in 1924. Wheat yields generally were better than early expectations, except in northeast and in those counties where damaged by May frosts. Quality is good, being 6 points above last year. Threshing is well along except in southern counties where wheat has been stacked. Spring wheat is 78 per cent normal, indicating 41,000 bushels from 3,000 acres sown.

Missouri oats at 83 per cent indicates 27.3 bushels per acre, totaling 46,410,000 bushels from 1,700,000 acres against 41,745,000 from 1,518,000 acres in 1924. In some southern counties crop was short and partly mown for hay. Oat yields were good in most of northern counties and several south of river.

Missouri hay yields for 1925 indicate reduction of 1,389,000 tons from 1924 crop. Tame hay condition of 70 per cent indicates one ton per acre or 3,441,000 tons compared to 4,820,000 tons last year, when yield averaged 1.39 tons per acre. Crop was light throughout state. Third cutting of alfalfa shows light crop. Hay was generally put up in excellent condition. Timothy hay is 67 per cent normal or .78 of a ton per acre; clover 74 per cent and .98 of a ton, while clover and timothy mixed 72 per cent yielding .96 of a ton; alfalfa 85 per cent; prairie hay yields deptnd upon August and early September condition. Sorghum forage 80 per cent.

Gardens suffered severely during July. Potatoes 64 per cent, indicating 65 bushels per acre, 6,848,000 bushels compared to 10,200,000 last year. Sweet potatoes 80 per cent. Tomatoes for canning and beans in southwest Missouri show good prospects. Milk production of 18 pounds per cow milked shows decrease, owing to July pasture shortage, and egg production displays usual seasonal decline, as only 32 per cent of the hens are now laying.

Cotton prospects are for 277,000 bales against 187,000 in 1924.

Now that harvest is over, the farm labor supply exceeds demand, as farmers are doing only odd jobs and plowing for wheat where soil permits.

Clarinda Is on the Federal Highway

Highway Through Maryville Follows Itasca Park Trail From New Orleans to Winnipeg.

Clarinda, Villisca and Braddyville are to be on the transcontinental "United States Highways" from New Orleans to Winnepeg, Canada, according to the Clarinda Herald. This is the same federal highway which runs through Maryville, designation of which was made last Thursday. The Herald has the following about this highway:

This insures an early hard surfacing of this highway that we have been calling No. 18 primary, or Itasca Park Highway, which will be linked up with roads leading south to New Orleans on the Gulf and north to Winnepeg, Canada. The national committee are choosing 50,000 miles of such highway, connecting up the principal cities of the U. S. east and west as well as north and south. A subcommittee is now working on the details, but before adjourning the committee named Clarinda as one of the towns to be passed through. West of us the King of Trails, through Sioux City, Council Bluffs and Nebraska City, will be a north and south highway, and east of us the Jefferson Highway, through Leon northward to Des Moines.

After this system of "U. S. Highways" is completed and adopted, then a series of markers different from state and local markers will be adopted.

Starting from Winnepeg, the highway through Clarinda south will cross the Canadian line at Emerson, Minn., through Bemidji, Itasca Park, Sauk Center and Redwood Falls, entering Iowa near Spirit Lake, then southward through Spencer, Sac City, Carroll, Audubon, Atlantic, Villisca, Clarinda and Braddyville, through the Missouri towns of Maryville, Savannah, St. Joseph, Kansas City and on to New Orleans. Federal aid is expected to help hard surface this stretch of roadway, the states and counties along the routes participating.

The fact that this north and south highway was named among the first ones to be designated, indicates its importance from a national point of view, and insures early construction. Roadways north and south are all the more important from the fact that our main lines of railways run east and west across the continent. The U. S. Highways will also run east and west, it being intended to link up every Federal piece of roadway in the country into a big road system of its own.

The early choosing of the I. P. route will have the further efefct of helping the Missouri roadmakers to decide on extending the highway south from the state line at Braddyville, on to St. Joseph and Kansas City. The completion by Page Co. two years ago of the grading across the county north and south will now be all capitalized on bring that much more interstate traffic this way. The general plan is to eventually have a hard surface over the entire length of this highway, width probably 18 ft. and of the best construction. The building of the roadway insures 365 days a year traffic for our local farms and lines of business besides attracting transcontinental tourists and truck service to go through the towns that are on the route.

Crazed Man Kills His Young Daughter

Corning, Calif., Aug. 12.—Going violently insane today B. R. Zimmerman well-to-do dairyman brained his year and a half old daughter, then shot himself to death. Zimmerman was separating cream in the milk room of his home and the child was playing nearby. Suddenly, according to officials, he picked up the child dashed its brains out on the concrete floor, then siezed a shotgun and shot half his face off. Failing to kill himself he rushed to the house where his wife was sleeping, grabbed a rifle and fired two shots in his body. The second shot killed him.

The New Willys-Knight Six

FOR THOSE WHO WANT THE FINEST.

Ordinarily, a product has to find a market and create its own place in the world after it is introduced—but the new Willys Knight Six is an extraordinary exception to the rule. A big market and a big place in the world existed for the new Willys-Knight long before the car was produced. People have wanted a six-cylinder Willys-Knight for a good many years.

RESOLUTION NO. A 26

A resolution for grading, paving, curbing and otherwise improving Walnut street, from a point five feet south of the north line of Seventh Street, North to the Wabash Railroad Right of Way, in the City of Maryville, Missouri.

Be it resolved by the Council of the City of Maryville, Missouri, as follows, to-wit:

SECTION 1. That it is hereby declared necessary to bring to the established grade, pave, curb and otherwise improve the roadway of the following street in the City of Maryville, Missouri:

Walnut Street, from a point five feet south of the north line of Seventh Street, north to the Wabash Railroad Right of Way, including street and alley returns to a distance of three feet from face of curb at intersections.

With a width of roadway on Walnut Street of 20 feet measured at a point where the pavement joins the curb, and of 24 feet on all intersecting streets and 12 feet on all intersecting alleys.

SECTION 2. The said grading shall consist of bringing the roadway of said street to the established grade, as provided by Ordinances No. 1032 and 1004 of the City of Maryville, Missouri, by cuts and fills and by excavation, sufficient to provide for the aforesaid paving, as shown by the profile of said street now on file in the office of the City Clerk.

Said paving shall consist of 7 inch reinforced concrete paving laid on a well rolled sub-grade.

The curb shall consist of an integral curb, constructed of concrete. The curb shall be 5 inches wide at top and 6 inches at bottom, and an average depth of 13 inches.

All of the aforesaid improvements shall be constructed in strict accordance with the plans and profiles now on file in the office of the city clerk.

SECTION 3. The cost of said work, to-wit: grading, paving, curbing and otherwise improving, including the cost of bringing said street to the established grade shall be levied as a special assessment upon all lots and tracts of land upon either side of said street improvements abutting thereon, as provided by law, and special tax bills, bearing interest at the rate of 8 per cent per annum after 30 days shall be issued to the contractor for payment of said work.

SECTION 4. This resolution shall be published for seven consecutive insertions in the Daily Democrat-Forum and Maryville Tribune, a daily newspaper published in said city.

Passed and approved this 8th day of August, 1925.

Chicago Closing Grain Review.

Heavy buying boosted wheat on the Board of Trade today. The strength was confined to coarse grains.

Professionals controlled the wheat pit. They started out by boosting prices substantially. At the top eastern sales for profits brought in overwhelming bear influence and a subsequent drop.

Corn moved upward in the face of better crops news from the drouth-stricken area.

Oats lacked individuality. Advances were directly in sympathy with the general market trend.

Provisions lost a few points in late realizing.

PRIME STEERS AT NEW HIGH LEVEL

LAWRENCE NOT OPTIMISTIC

UNCERTAIN AS TO WHAT MEN WILL RETURN FOR FOOTBALL

TO HAVE WEEK'S CAMP

Coach Will Send Out Letter After Dates and Camp Site Are Selected —Expects 25 Men at Camp.

"Prospects as a whole are good, although uncertain as to line material," commented Coach H. Frank Lawrence of the State Teachers College this morning regarding the coming football season. The team of last year has lost heavily due to graduation and the failure of men to return for the fall schedule. Mr. Lawrence is never optimistic prior to any season, whether it be football or duck hunting, and his remark that "prospects as a whole are good," is an indication that the Bearcat squad of 1925 should compare favorably with the championship team of 1924.

But this is a matter of conjecture and too early in the game to make any forecast on what the Bearcats will do this year. Injuries often play havoc with a team in the height of its success and the failure of good men to return hampers the coach's plans.

Mr. Lawrence said this morning "it is not known whether Fowler will return and for Bush out for the season on account of a recent operation, the center position is one causing most worry."

Coach Lawrence is after "Shuck" Graham, center of the last year Trenton High School eleven and a brother to Hugh ("Red") Graham, an all-conference man for past years, who may be able to fill the vacancy if he decides to come to Maryville to school.

"If plans do not go wrong a week's camp will be held for football men a week before the opening of the fall term," Coach Lawrence intimated this morning. He said that he is sending out literature this week in regard to the trip. The camp site will be chosen sometime next week when the weather is favorable for "reconnoitering" about the country and then a letter will be sent out to football prospects, giving definite dates and location.

Coach Lawrence was of the opinion this morning he would have about twenty-five or thirty men to take on the trip with himself and Coach Pete Jones. The camp will be for training purposes and will include hill climbing, hikes and about a two hour drill in football fundamentals.

In giving a further line on what the Teachers might look like this season the head coach was not overly enthusiastic about the prospects. "Some of the men who say they will not be back may turn up after all, and then again they might not," the diminutive gridiron mentor remarked. "I can tell you better what kind of a team I will have after I have watched them about three weeks."

And then Chief Lawrence took a full hearted right swing about a championship team. He said "there is already talk of a championship this year. The time to talk that is when the last game has been won."

Uncertain as to whom he will have for material the Coach mentioned the possibilities of those who may be back and gives the following:

"Old men who will be back include Captain Sam England, Oren Masters, Vodre Willoughby, Arthur Hartman, David Eads, Paul Stone, Werner Moentman, Denton Peoples, George Barclay, Russell Hamilton, Eugene Wilson, Wilbur Cox, and Kenneth Fouts."

Hugh Graham, John Ashcroft and Webster Young are lost to the Bearcats by the graduation ax. Among the new men who may or may not be here but upon whom Coach Lawrence is relying heavily, are Vanderslice of Princeton, a backfield man; Graham, Lewis and Thompson of Trenton; and Westfall and Miller from the Maryville High School.

Search and Berst, two hefty footballers from McKendree College, Lebanon, Ill., where Coach Lawrence was mentor before coming to Maryville, have been attending College this summer and will be eligible to participate this fall. It is believed these two will be valuable additions to the Bearcat squad, although they will have to display some mighty good class in order to gain distinction over the Eads, Hamilton, Willoughby & Masters Co., who last fall were important factors in toting the oval across the goal line for the Northwest Teachers.

WINS CHICAGO BEACH STAKES

CAPTAIN SETH, BEST ON WESTERN RACE COURSES.

OWNED BY BEN JONES

Beats Best That Kentucky and California Stables Could Muster— Accepted as Handsome Horse.

Missouri horseflesh has again come to the front and the honors upholding this state's fame go to a horse owned and bred by Ben Jones, a Nodaway County man, whose home is at Parnell.

His 2-year old, Captain Seth, demonstrated last Saturday at the Hawthorne track at Chicago that the Nodaway County horse was on a par with the best in the country as to type and class. Captain Seth won the Chicago Beach Hotel stakes for 2-year-olds. He beat the best that Kentucky and California stables could muster, carrying top weight in the race Saturday at Hawthorne.

The yesterday Kansas City Star in commenting on Captain Seth says:

"Captain Seth is not only a speed model, but is accepted by experts as one of the handsomest horses that ever contested on a Western race course. He is sired by Adam, a French horse imported by a syndicate of New Yorkers at a cost of $100,000 some years ago, and his dam is by Yankee, a good racehorse himself, and a son of the immortal Hanover. Thus, Captain Seth has in his veins the choicest blood of two continents. He is destined to succeed his sire at the head of the Jones' farm at Parnell."

The Monday issue of The Daily Racing Forum tells of the race in which Captain Seth won:

"One of the most spectacular duels of the present meeting came in the second race when Post Mistress and Captain Seth, the latter an outstanding favorite, battled strenuously all during the stretch with no perceptive advantage for either until the last strides, where Captain Seth with great gameness made an extra effort and secured an advantage of inches, which he retained to the finish. Eight lengths in back of the pair came the poorly ridden Dark Phantom, which, hard urged, outstayed the lowly Blue Granite. Post Mistress in the early stages seemed imminent of making a runaway race of it, but Captain Seth moved forward gradually and overhauled her in the last strides after a terrific struggle."

Captain Seth won the second race of the afternoon out of an entry of five. He was ridden by C. Gross, weight 119. Post Mistress, owned by International Stables, was second; Dark Phantom, owned by J. N. Camden, third; and Blue Granite, owned by O. A. Kintz, fourth. The purse of $1,000, paid the winner $700. Time of the race was 1:06 1-5 and the track fast.

Jim Palmer's Horses Win at Vancouver, B.C.

The first that has been heard from J. M. Palmer, Maryville, who has been racing his horses all summer, was received this morning by the Democrat-Forum and Tribune in a letter from Palmer.

Palmer's little fillie, Mahaley, won recently at Vancouver, B. C., tieing the track record of five-eights of a mile in a minute flat. Mahaley drew No. 9 post position and when she won was the only horse that showed in the picture.

Palmer says that his horse, Judge Hickman, won by three lengths. Palmer's colors are the stars and stripes and he says when Mahaley won the Club House orchestra struck up "Three Cheers for the Red, White and Blue."

This spring he bought three fillies from Ralph Giffin of Barnard, and his stable is headed by Judge Hickman. Palmer raced at Omaha for a while this summer when he lost End Man. From there he went to Canada. He will go from Vancouver to Winnipeg.

"Man and Maid" Coming to the Empire

"Man and Maid," the Elinor Glyn picture that comes to the Empire Theater tonight and tomorrow tells the story of a young English nobleman, crippled in the war, who settles in a luxurious Paris apartment, where the visits of the gay women of Paris merely bore him. Then he meets a young girl of provocative mystery. Complications, jealousy and misunderstandings keep them apart while the Big Berthas shell Paris and the fever of war rages about them. It is Armistice night before peace is declared in their hearts. The picture is said to be somewhat similar to "Three Weeks" and "His Hour" in the beauty of sets and photography and in the typical Elinor Glyn treatment of the divine passion. Lew Cody, Harriet Hammond, Renee Adoree and Paulette Duval are in the cast.

Columbia, Mo., Aug. 12.—Emancipation Day might have been a day of joy for his grandfather, but it only brought Bruce Collins, negro, a lot of grief. During the celebration here Bruce was badly stabbed. From his hospital bed, he refuses to name his assailant.

Prairie Hill, Mo., Aug. 12.—Home sick, a hog which had just been purchased from a neighbor and planted in his new pen on the farm of J. W. Fawks, climbed a five foot board fence, plunged head first into a barrel of rain water and drowned.
